PROPHECY IS FULFILLED

There was published in The Inter Ocean April 23, 1900, a forecast of wonderful changes. The forecast blazed upon the death of Queen Victoria, and the man who made it is well known to the public, is prominent as a public speaker, and his word receives consideration in the community where he is best known. As stated in the dispatch, he is not a spiritualist in the ordinary, everyday sense, but believes that things are revealed to him from a supernatural source. In the light of his prediction of the manner and death of the Queen Victoria his forecast is deserving of more than passing thought.

The dispatch sent from Washington under date of April 22, 1900, was as follows:

"The coming century will be remarkable, wonderful changes governments and religion. The different branches of the Christian church will come closer to one another. The love of God will bring man nearer to brotherhood. Separatist bitterness will in great part be wiped out. Within the next quarter of a century a great upheaval of European governments will take place.

"Republican, in

the rule, in

at the opening of the first quarter of the century. Queen Victoria will die very suddenly. The Prince of Wales will come to the throne. After a short reign he will die by violence. He came nearer death last week than the world knows. The Duke of York will succeed him, and be the last of the line of monarchs of Great Britain for the present. A republic will be established in Bulgaria in about fifteen years. India will be lost to Great Britain in the mean time. After the loss of India a rapid decline of the power of the government of Great Britain will take place. France will have comparative peace and prosperity, with a stable republican government, for at least twenty-five years to come."

This same man now declares that from the same source he is told that the Prince of Wales will not reign two years and that the Boers will get a satisfactory colonial government.

Cut this out and put it where you can refer to it, and see how near these predictions to the real facts during the next decade.

FOR SOUTH AMERICA.

S. C. Gallup Saddlery company, of Pueblo Colorado, the well known saddlery firm, are shipping their goods to Chile, Columbia, North-West Territory, Mexico and other distant points, but Christmas the climate was reached when a large order arrived from the interior of Argentine Republic, South America. The shipment consisted of a number of the finest saddles ever shipped out of the state of Colorado.—Ex. Gallup saddles are sold by the Lander Mercantile Co., of this city.

This season there is a large death among children from camp and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain to give instant relief as the Nine Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. J. P. Byron.

No External Symptoms.

The blood may be in bad condition yet with no external signs, no eruption or sores to indicate it. The symptoms in such cases being a voracious appetite, poor digestion, an indigestible weakness and nervousness, loss of heat and a general run-down condition of the system—clearly showing the blood has lost the nutritive qualities, has become thin and watery. It is in just such case that S. S. S. has done some of its quickest and most effective work by building up the blood and applying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement.

"We regard it a great tonic and blood purifier." E. D. Duff,

Princeton, Mo.

is the greatest of all tonics, and you will find the application proves at once, strengthens, returns, and nervousness vanishes as new rich pure blood ones more circulate through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write physicians for any information or advice wanted. No charge for medical advice.

The Agua Negra Grant Purchase.

This excellent body of land consists of about 13,000 acres of fine land, well watered, close to town Puerto de la Cruz (County Seat). The Rock Island R. R. will probably pass through the land in a few months and establish a prosperous city, for which the ground is a natural location, besides containing the principal water supply for a large area.

Excellent opportunity for lucrative investment or residence. Owners want \$10,000. Hugo Seaborg, Springer, N. M.
